

Year 1 Curriculum Evening

Welcome!

What to bring and where to put it...

- Lunchboxes will be placed on the bench below the child's peg in the cloak room.
- Book bags need to come into school everyday and put in the child's tray.
- Inside book bags- reading records, reading books
- Named water bottle to be placed in water bottle tray.
- PE kit needs to be in school everyday and will be taken home regularly.
- Spare clothes for accidents or wet weather.

Children will be asked to get their reading books and reading records out of their bags first thing and read quietly just before the register is taken.

About year 1

- Transition – for the first few weeks children will be taking part in mini assessments as well as embedding key skills like handwriting. Children will still have the opportunity to take part in play based learning during this time.

During our first topic we aim to answer the big question ‘*Who am I?*’

- Phonics Screening is a chance to see how great the children's phonics skills are. It is a national assessment where children are expected to read 20 real words and 40 “alien” words – week commencing **7th June 2021**

KS1 Reading

Reading is incredibly important. We are hoping to read with as many children as possible every day and at home children should be reading for 10-15mins everyday.

Homework and spellings

Children will be sent home with a list of spellings to practice at home. This will not be tested in school but will feed into English lessons. Homework will be sent out via Class Dojo on Fridays and due on Wednesdays.

Messy activity attire

- Please could parents/carers donate an old tshirt for any arty, crafty messy activities that can be just slung over children's clothes. These will stay at school.

Supporting learning at home

- Fine motor skill activities
- Counting
- Reading
- Encouraging questions
- Board games
- Having fun!
